FAQs

USCIS IMMIGRATION HEALTH EXAMINATION (FORM I-693)

What I need to bring on my visit to clinic?

1. Insurance Card, if you have Health Insurance Coverage
2. Any Vaccination Records
3. Valid Govt. Photo ID such as Passport or a USA Driver License
4. I-693, a 14 pages form expiring in 2022. This PDF fillable i-693 form can be downloaded at our website <https://SiliconValleyMedicalClinic.com/uscis/>

Form Filling Instructions:

One form per applicant is required. Type and Print only in black ink.

Fill the 1st page with Applicant info; Fill a few lines on page 2 asking you how USCIS can contact you. Also each page top line has boxes asking your family name, first name and A-number. Please fill these boxes on all pages. If you do not have A-number given; leave it blank.

DO NOT sign or put any date. After filling pdf form; print form double sided. Do not use heavy paper as it is difficult to fold.

How Long the Process Takes?

It will require **2 visits**. Average time for the expedited process is 6-7 days.

On 1st Visit:

- a) Your i-693 filled form, vaccination records, photo ID and medical history will be reviewed. You will have Physical Exam and we will evaluate what vaccines you will need per USCIS guidelines.
- b) We will give you order forms for Lab tests. Lab results can take up to 5 working days. When Lab results come; we will make you an appointment for 2nd visit.
- c) We will give you needed vaccines or give you orders for you to get it somewhere else as desired you.

On 2nd Visit

a) USCIS Civil Surgeon Dr. Neema Malhotra will review i-693 package, vaccines and labs results as required per USCIS guidelines and have you sign and date the form.

- a) You will be given a sealed envelope of your exam to be submitted to USCIS or your attorney. For your records; an open duplicate electronic pdf copy will be provided via your email.
- b) Rarely, you need extra day for X-Ray of chest if your TB Test comes positive.

What Vaccinations are required?

- c) Adults: Tdap, MMR, VARICELLA (Chicken Pox) & Influenza.
- d) Children: Bring Immunization Records to see what will be needed.
For your convenience; we stock and can give all vaccines in our clinic.

What Lab Tests are required?

- a) Quantiferon (Tuberculosis) for ages 2 years & up.
- b) Gonorrhea and Syphilis after age 15 and up.

Lab Information

All your lab tests are done by outside lab. We recommend you the cheapest Lab. There are 4 labs in our area and their charges range from \$160 to \$1,000 for 3 lab required tests. Your insurance may not cover the lab charges. You will be responsible to pay directly to lab as we are not connected to in any way to labs.

We do every effort to save you money for lowest total cost of medical exam.

We make every effort to save you money and bill your insurance company for physical exam and vaccinations. If you did not have an annual physical in the last one year; insurances usually cover it without deductibles or copay as part of preventive care.

For Kaiser Patients, vaccinations and labs are done by Kaiser. You will get orders and instructions during your first visit in our clinic. Physical Exams and immigration processing is done by our Clinic.

Out of Pocket Expenses for processing of immigration i-693 are applicant's responsibility. Some employers may pay for this expense. HSA may cover medical expenses. We will give you receipt for your reimbursement. Our charges are expected to be paid at time of 1st visit. We accept cash, credit cards or check.

Appointments Booking: You can call us during clinic hours at 408-945-0300 or go on line at <https://SiliconValleyMedicalClinic.com> and request a tentative appointment. Our Patient Coordinator will confirm the appointment via voice or email or text message.

More Info: > You can get more info on our website in USCIS tab and download i-693 form etc., about our clinic services at SiliconvallemedicalClinic.com/uscis/
